

## Iowa Strategic Goals Program Workshop

# “RCRA Inspections, Industrial Stormwater, & Federal Fuel Standards”

---

REGULATIONS! ...By law you are required to comply. Compliance requirements can often seem overwhelming and confusing, and rule changes can catch you completely off guard and leave your head spinning.

Wouldn't it be nice if regulators would provide hints and tips to help you better understand what is required of your business? Would you like the opportunity to meet with regulators and industry experts in a small setting where questions are welcome? These workshops provide just that opportunity.

**Join us** for an Iowa Strategic Goals Program workshop on November 9, 2023 at the Jordan Creek Marriott in West Des Moines, IA, from 9am to 3pm! The registration fee is \$60. Please register for the workshop here: [https://xxx links](https://xxx.links). This workshop will feature:

- What to expect during a RCRA inspection and a chance to ask an EPA inspector questions about RCRA.
- An overview and updates of Industrial Stormwater regulations.
- What are the Federal Fuel Standards- and how do they apply to me.

This workshop will provide plenty of time for open discussion / Q&A, so take advantage of this opportunity to learn, network, and share ideas!

---

This workshop series continues our workshop series offered by the Iowa Strategic Goals Program. Open to all Iowa manufacturers, the materials presented will apply to a broad range of industrial sectors. The following comments were received from previous workshops:

- “Good information presented – relevant to all types of industries.”
  - “Thank you for putting these on! It is nice to hear from EPA and other governing bodies.”
  - “Speakers were very well educated in topics discussed.”
  - “I think this is a great forum to allow businesses to get good compliance information with the regulatory agencies.”
- 

*Sponsored by the Iowa Strategic Goals Program in partnership with U.S. Environmental Protection Agency Region 7, the Iowa Department of Natural Resources, and the Iowa Waste Reduction Center.*
