

Join us for the first session of the Pollution Prevention Services ISO 14001 Environmental Management System Interactive Webinar Series

On **Thursday, June 27, 2024**, Pollution Prevention Services and the Iowa DNR are hosting the “ISO 14001 Environmental Management System Training: Identifying Environmental Aspects & Impacts and Defining Significance” webinar, lead by Christine Mayo of Burns & McDonnell.

REGISTRATION LINK: <https://forms.office.com/r/QSfuiYkEKq>

A graphic for the webinar registration. It features a blue and white diagonal design. At the top left, it shows the IOWA DNR logo and a Pollution Prevention Services logo. The main title is "ISO 14001 Environmental Management System Training" in large, bold, dark blue letters. Below that, the subtitle is "Identifying Environmental Aspects & Impacts and Defining Significance". The text "Iowa Department of Natural Resources" and "June 2024" is centered. At the bottom, it says "Presented By: Christine Mayo, Associate Department Manager, Burns & McDonnell" and the Burns & McDonnell logo is on the right.

IOWA DEPARTMENT OF NATURAL RESOURCES

ISO 14001 Environmental Management System Training

Identifying Environmental Aspects & Impacts and Defining Significance

Iowa Department of Natural Resources
June 2024

Presented By: Christine Mayo, Associate Department Manager,
Burns & McDonnell

BURNS & MCDONNELL

This first webinar will focus on Identifying Environmental Aspects & Impacts within the ISO 14001 standard and will walk participants step by step through the process of defining, developing, and implementing them. The webinar will be approximately two hours in length and will include a combination of lectures and interactive workshops to facilitate discussion and encourage you to gain a practical understanding of the following material:

- ▶ Overview of the ISO 14001 Standard
- ▶ Identifying Environmental Aspects & Impacts and Defining Significance
 - ▶ Determining aspects and impacts
 - ▶ Ensuring your rating system is appropriately highlighting the most significant objectives
 - ▶ “Workshop” Exercise
- ▶ Developing Objectives & Targets

The webinar will also provide real-world examples, case studies, and resources to further your learning.

REGISTRATION LINK: <https://forms.office.com/r/QSfuiYkEKq>

This session is welcome to all participants, but is focused towards those who already have familiarity with the ISO 14001 Standard. For a more detailed overview of the webinar, please see the attached agenda.
