

Iowa DNR/Household Hazardous Materials

Material: Ant and Roach Killer

Potential Hazards: May contain baygon, dichlorvos, chlorpyrifos, propoxur, diazinon. Harmful if swallowed, inhaled or absorbed through skin.

Recycle / Reuse: If you have leftover products in usable condition, check with neighbors, church groups or the local community to see if they can use them. You may also take them to your Regional Collection Center's swap shop for other residents to use, find yours at iowadnr.gov/hhm under the RCC tab.

Proper Disposal: Use this product up or take it to your local Regional Collection Center.

Hints: Remove food and water from open places and caulk or block roach entrances.
