

Iowa DNR/Household Hazardous Materials

Material: Weed and Feed

Potential Hazards: May contain urea, atrazine, ammonium phosphate, potassium sulfate, ammonium sulfate, nuisance dust. These products may cause skin and eye irritation. If ingested, the products may cause nausea, vomiting or diarrhea. Inhalation may cause throat and lung irritation.

Recycle/Reuse: If you have leftover products in usable condition, check with neighbors, church groups or the local community to see if they can use them. You may also take them to your local Regional Collection Center's swap shop for other residents to use.

Proper Disposal: Use this product up or take it to your local Regional Collection Center, find yours at iowadnr.gov/hhm under the RCC tab.

Green Alternatives: Don't attempt a completely weed-free lawn. Pull weeds by hand or kill them by using a barrier that blocks the sun or prevents weeds from growing. Use grass clippings, layered newspapers covered with soil or clippings, or other types of water-permeable mulch around garden plants. Avoid using organic mulch close to your home's foundation; it can attract termites and other pests.
