

Iowa DNR/Household Hazardous Materials

Material: Antibacterial products and disinfectants

Potential Hazards: May contain hypochlorite, phenolics, alcohol, pine oil, quaternary ammonium chlorides. May burn skin or eyes, cause fires and react with other chemicals.

Proper Disposal: Use this product up or take to your local Regional Collection Center, find yours at iowadnr.gov/hhm

Green Alternatives: Cleaning with non-antibacterial soap and hot water, using separate cutting boards for meat and vegetables, and thoroughly washing your hands are all effective ways to decrease the spread of communicable disease.
