

Notification of Intent to Install Pollution Control Equipment on Reciprocating Internal Combustion Engine (RICE)

Instructions: This is an example of the type of information that must be submitted to qualify for the exemption from construction permitting requirements found at 567 IAC 22.1(2)"g". Facilities may submit the information in another form or format, or use this form.

- This form or equivalent information should be submitted at least 30 days prior to installing control equipment.
- This form is intended to be used by facilities that plan to install pollution control equipment on a reciprocating internal combustion engine (RICE). This form cannot be used for other types of changes that may qualify for exemption "g".
- Exemption "g" cannot be used by facilities located in Linn County or Polk County.
