Page 1

Basic Features

The background features abstract, overlapping geometric shapes in various shades of green, ranging from light lime to dark forest green. These shapes are primarily located on the right side of the slide, creating a modern, layered effect. The text 'Basic Features' is positioned on the left side of the slide in a clean, sans-serif font.

You can zoom in and out using these buttons, but the easiest way is to scroll using your mouse. You can click and drag to move the map.

Click waypoint icon to add stops, or modify route by clicking and dragging vertices.

Vertice

When you are done adding stops or modifying the route, be sure to click the waypoint icon again to deselect it.

I decided I wanted to stop at Neal Smith Wildlife Refuge (NSWR), so I moved the vertex (click and drag) from the original route to the NSWR to create a new route.
